The STRESS tangle

Stressful situations for dogs might include loud noises, crowds, storms, and unfamiliar people, pets or places.

And some stress-related behaviors can tie your relationship with your dog up in knots!

If your dog is stressed, you might see behaviors like:

- EXCESSIVE LICKING
- PACING
- TREMBLING
- INAPPROPRIATE ELIMINATION
- VOCALIZING

In a recent study, pet owners observed their dogs to see how ZENIDOG® Brand Products helped them manage stressful situations.

Quick-acting Dog owners using either product reported positive changes in as little as 7 DAYS.

"ZENIDOG® Pheromone Products helped my dog seem more relaxed and less anxious. She was also less reactive to stressors than before." - Dog owner perception study participant

Pet owner satisfaction

Approximately 2/3 of dog owners said they would continue using the diffuser or collar.
