# Why does my pet need REBOUND™ Recuperation Formula?

Good nutrition is always important, especially if your pet is in a period of recovery. That's because proper nutrition helps support your pet's immune system.

## Supports the 2 phases of recovery.

Days 1–2 Recuperation phase	Days 3–14 Support phase
<b>REBOUND Recuperation Formula</b> 	<b>REBOUND Recuperation Formula + regular diet</b>  + 
Full recovery—roughly 14 days	

## Helps spark your pet's appetite.

REBOUND Recuperation Formula helps support proper eating and drinking in pets by providing proper nutrition.

### Key ingredients

<b>Zinc</b>	<b>E vitamins</b>
<b>Arginine</b>	<b>Omega-3 fatty acid</b>
<b>Prebiotics</b>	<b>Omega-6 fatty acid</b>
<b>Glutamine</b>	<b>Inulin</b>
<b>Taurine</b>	<b>Oligofructose (FOS)</b>

Delivers vital nutrients to support early and progressive recuperation in both dogs and cats.

## A tasty formulation that is easy to administer.

Great flavor to promote eating

Ready-to-use liquid formula in handy take-home bottles

## Can be used for up to 14 days or until your pet starts to eat and drink normally.

### Can be given:

with food

on its own

in water

by tube or syringe

### How it works:

- ▶ Encourages eating and drinking
- ▶ Promotes a healthy digestive tract
- ▶ Supports the recovery process
- ▶ Supports the immune system
- ▶ Feeds the good bacteria in the colon
